It is submitted that as per PC-1 20,860,650 doses of Measles vaccine were required for the Financial Year 2017-18. However 12,306,600 doses were demanded as 8,554,050 doses were to be utilized from the quantity to be procured for Measles campaign. As the Measles Campaign has been extended therefore, remaining quantity of 8,554,050 doses bundle (for the Measles Routine Immunization) has been procured through UNICEF.

The Measles vaccine is globally short and was urgently required in the country to control the possible outbreak of Measles disease. It is necessary to clarify that no bid is being tendered by any supplier for Measles vaccine since last six years and accordingly the Measles vaccine is being procured through UNICEF to meet the requirement of the country. It is added that the Government of Pakistan has already accorded exemption under Section 21 of PPRA Ordinance, 2002, for procurement of EPI vaccines.
