		In evaluating the Bidders, the evaluation committee will, in addition to the Bid price quoted in accordance with ITB 15.1, take account of one or more of the following factors as specified in the BDS , and quantified in ITB 32.5:
		a. delivery schedule offered in the Bid;
		b. deviations in payment schedule from that specified in the Special Conditions of Contract;
		c. the cost of components, mandatory spare parts, and service;
		d. other specific criteria indicated in the TBS and/or in the Technical Specifications.
	33.5	For factors retained in BDS , pursuant to ITB 33.4 one or more of the following quantification methods will be applied, as detailed in the BDS :
		a. Deviation in payment schedule.
		i) Bidders shall state their Bid price for the payment schedule outlined in the SCC. Bids will be evaluated on the basis of this base price. Bidders are, however, permitted to state an alternative payment schedule and indicate the reduction in Bid price they wish to offer for such alternative payment schedule. The PPRA may consider the alternative payment schedule offered by the selected Bidder.
		Or
		ii) The SCC stipulates the payment schedule offered by the PPRA. If a Bid deviates from the schedule and if such deviation is considered acceptable to the PPRA, the Bid will be evaluated by calculating interest earned for any earlier payments involved in the terms outlined in the Bid as compared with those stipulated in this invitation, at the rate per annum specified in the BDS.
		b. Cost of spare parts
		i. The list of items and quantities of major assemblies, components, and selected spare parts, likely to be required during the initial period of operation specified in the BDS , is annexed to the Technical Specifications. The total cost of these items, at the unit prices quoted in each Bid, will be added to the Bid price.
		Or
		ii. The PPRA will draw up a list of high-usage and high-value items of components and spare parts, along with estimated quantities of usage in the initial period of operation specified in the BDS . The total cost of these items and quantities will be computed from spare parts unit prices submitted by the Bidder and added to the Bid price.
		Or
		iii. The PPRA will estimate the cost of spare parts usage in the initial period of operation specified in the BDS , based on information furnished by each Bidder, as well as on past experience of the PPRA or other PPRA's in similar situations. Such costs shall be added to the Bid price for evaluation.
		c. Specific additional criteria.
		Other specific additional criteria to be considered in the evaluation and the evaluation method shall be detailed in the BDS and/or the Technical Specifications.
34. Domestic Preference	34.1	If the BDS so specifies, the Procuring Agency will grant a margin of preference to certain goods in line with the rules, regulations, regulatory guides or instructions issued by the Authority from time to time.

35. Determination of Most Advantageous Bid	35.1	Cost Based Evaluation Technique shall be adopted for determining the most advantageous bid and, the Bid with the lowest evaluated price from amongst those which are eligible, compliant and substantially responsive shall be the Most Advantageous Bid.

Post-qualification of Bidder and/or Abnormally Low Financial Proposal	36.1	Where the Bid price is considered to be abnormally low, the PPRA shall perform price analysis either during determination of Most Advantageous Bid or as a part of the post-qualification process. The following process shall apply:
		 a. The PPRA may reject a Bid if the PPRA has determined that the price in combination with other constituent elements of the Bid is abnormally low in relation to the subject matter of the procurement (i.e. scope of the procurement or ancillary services) and raises concerns as to the capability and capacity of the respective Bidder to perform that contract; b. Before rejecting an abnormally low Bid the PPRA shall request the Bidder an explanation of the Bid or of those parts which it considers contribute to the Bid being abnormally low; take account of the evidence provided in response to a request in writing; and subsequently verify the Bid or parts of the Bid being abnormally low; c. The decision of the PPRA to reject a Bid and reasons for the decision shall be recorded in the procurement proceedings and promptly communicated to the Bidder concerned; d. The PPRA shall not incur any liability solely by rejecting abnormally low Bid; and e. An abnormally low Bid means, in the light of the PPRA's estimate and of all the Bids submitted, the Bid appears to be abnormally low by not providing a margin for normal levels of profit.
		Guidance for PPRA: In order to identify the Abnormally Low Bid (ALB) following approaches can be considered to minimize the scope of subjectivity: i. Comparing the bid price with the cost estimate;
		ii. Comparing the bid price with the bids offered by other bidders submitting substantially responsive bids; and iii. Comparing the bid price with prices paid in similar contracts in the recent past either government- or development partner-funded.
	36.3	The PPRA will determine to its satisfaction whether the Bidder that is selected as having submitted the most advantageous Bid is qualified to perform the contract satisfactorily, in accordance with the criteria listed in ITB 13.3.
	36.4	The determination will take into account the Bidder's financial, technical, and production capabilities. It will be based upon an examination of the documentary evidence of the Bidder's qualifications submitted by the Bidder, pursuant to ITB 13.3, as well as such other information as the PPRA deems necessary and appropriate. Factors not included in these Bidding Documents shall not be used in the evaluation of the Bidders' qualifications.
	36.6	An affirmative determination will be a prerequisite for award of the contract to the Bidder. A negative determination will result in rejection of the Bidder's Bid, in which event the PPRA will proceed to the next ranked bidder to make a similar determination of that Bidder's capabilities to perform satisfactorily.
